

SCC MINUTES
March 8, 2017

Present:

Jeff Andrews, John Fowler, Tommy Drew, Jennifer Vaughan, Ellen Keeter, Steve Lantz, Bev Boyer, Chuck Cassidy, and Terry Jenkins

Following an opening prayer offered by Jeff, Terry facilitated the following agenda items:

- The February minutes were approved as distributed
- There was discussion regarding the space on the second floor allocated for youth and adults. Chuck indicated that the youth space location would work well and that the additional space would be appreciated by youth. Terry stated that she was going to consult with the staff to confirm the adequacy of the adult classroom space.
- Terry stated that that there had been questions regarding the use of the 10% tithe for missions associated with the capital campaign. The question that had arisen is whether the 10% would be used for capital expenditures associated with missions or for more general mission ministry needs. Following considerable discussion, the committee concluded that we should continue to designate the 10% tithe using the same language that was used during the 2008 campaign: missions including Potters House and Outreach.
- The upcoming town hall meetings were discussed including the format of the power point presentation. Terry will work with Heather, Ralph and Doug in developing the power point.
- Jeff indicated that the security team wants to begin implementation of recommendations. Equipment and appropriate technology will need to be built into the facility plans. It will be important to choose vendors who will be available to help maintain the security systems that are selected.

Following a closing prayer, the meeting was adjourned.
